### **Methodology**

With effective from 01 October 2006, TG has adjusted the new structure of fuel surcharge from the current temporary structure. This new structure has been approved by the Civil Aviation Board on 27th September 2006 which are as follow:

- TC-1, TC-2 and South West Pacific
  - All items (except agricultural products), will be started at 6 THB/Kg.
  - Agricultural products will be charged at a half of above charged.
- TC-3 and Middle East
  - All items (except agricultural products), will be charged at a half of all items of TC-1, TC-2 and South West Pacific
  - Agricultural products will be implemented at a half of above charged.

### **Details of fraction calculation:**

- The fraction of THB equal or greater than 0.50 shall be rounded up to 1.00 THB
- The fraction of THB less than 0.50 shall be rounded down.

The Average fuel price index during 01 – 15 SEP 2022 = 511

Unit: THB per Kg.
