

## Preserve quality at every destination with our temperature-controlled containers

THAI Cargo proudly presents an equipment set (TG Temp) for premium products that require extra care, e.g., passive pharmaceutical or healthcare-related products and temperature controlled products such as beverages (e.g. wine), cosmetics, dairy products (e.g. butter, cheese, milk, yogurt etc.), fresh flowers, fruit and vegetable (e.g. coconuts, galangal, ginger, lemongrass etc.), frozen food (e.g. chicken, chocolate, salmon etc.) to be kept within the required temperature range (-20 °C to +20 °C) during storage and transportation.
